

Lions NSW-ACT Save Sight & Public Health Care Foundations

Neville Tucker Silver Honour Award

Neville Tucker joined the Lions Club of Brookvale in 1964. Within two years, he had been elevated to the Executive of the Lions Multiple District Council as National Treasurer, a position that he was to hold with great distinction for 23 years. He was highly respected for his professional expertise and dedication to his position of Treasurer and to Lionism in general by all with whom he was associated.

Over the years, he received many awards and recognitions as a result of his work for Lions, chief among them being the Order of Australia Medal (OAM) in January 1989, three International President's Medals and the most prestigious Lions Award of all the Ambassador of Goodwill Medal, only the fourth Australian Lion so honoured. He introduced the Lions standard accounting system in Australia and also adapted the Objects of Lions Clubs International for use in Australia to take advantage of Australian Taxation Laws, but perhaps his greatest achievement was the idea to establish the Lions NSW-ACT Save Sight Foundation and his work in the formation of the Foundation. He died in 2002.
