LIONS NSW EYE BANK REPORT Sunday, 28 March 2022

THE EYE BANK

Due to unforeseen circumstances the Eye Bank Committee meeting was postponed.

DIGITAL MICROSCOPE

The Eye Hospital Ophthalmologists and Nursing staff have expressed their profound thanks to the Save Sight Foundation for its \$100,000 donation towards the purchase of the Artevo 800 ACT Digital Microscope for use in Eye Surgery.

The microscope has revolutionised eye surgery by allowing the surgeons to see a 3D image of the eye on a screen, including looking both from front on and across the layers of the eye resulting in more accurate surgery and diagnosis.

It also allows surgeons and students around the world to observe operations and in some situations allows Specialist Ophthalmologists to advise the appropriate procedure to the surgeon while performing the operation.
